1 Start saving for retirement

What's the number one most important thing you can do when it comes to retirement? Here's a hint – it's very simple. **Get started.** We know that doesn't sound simple to some of you, so stick with us, it's easier than you think.

Pick one of these options to begin saving for retirement.

Visit
principal.com/enroll

or

Call for assistance

or

Complete
the enclosed enrollment form

If you're still learning the ropes, use **My Virtual Coach** at principal.com/myvirtualcoach-enroll. An online, interactive conversation that's like having a retirement assistant at your fingertips 24/7. Plus, it's pretty entertaining!

2 How much will you put aside today?

How you plan to live out your retirement determines how much you may need to save today. Are your goals to travel, downsize, or pay for your grandkids' college? Planning how much you need to put aside today can help ensure you have the funds needed for your future.

Still have enrollment questions? Register at principal.com/enrollmentwebinar for an upcoming Enrollment Webinar or watch a replay when it works for your schedule.

3 Select or review your plan's investments

As part of your employer's retirement plan, investment options are available for you to allocate money to. Make sure the investment options chosen are right for you while you're logged in. Not sure? **Asking these two questions can help:**

- 1 How comfortable are you with risk?**
- 2 How long do you have until you retire?**

If you know the answers to these you'll be able to make more well-informed choices about where you put the money.

For a full listing of investment options, refer to the **Investment Option Summary** included. Unless you make a different investment election prior to your first contribution received by Principal, your contributions will be directed to the Plan's default investment option as selected by the plan sponsor.*

Find out your comfort level with risk by taking our investor profile quiz at principal.com/investorprofilequiz

*The plan's participant level default is: Principal LifeTime Funds. See Investment option summary for important information. If the default is a target date fund series, the applicable target date fund will be based on the plan's normal retirement date.

About Target Date investment options:

Target date portfolios are managed toward a particular target date, or the approximate date the investor is expected to start withdrawing money from the portfolio. As each target date portfolio approaches its target date, the investment mix becomes more conservative by increasing exposure to generally more conservative investments and reducing exposure to typically more aggressive investments. Neither the principal nor the underlying assets of target date portfolios are guaranteed at any time, including the target date. Investment risk remains at all times. Asset allocation and diversification do not ensure a profit or protect against a loss. Be sure to see the relevant prospectus or offering document for full discussion of a target date investment option including determination of when the portfolio achieves its most conservative allocation.

¹ The Retirement Wellness Planner Information and Retirement Wellness Score are limited only to the inputs and other financial assumptions and is not intended to be a financial plan or investment advice from any company of the Principal Financial Group® or plan sponsor. This calculator only provides education which may be helpful in making personal financial decisions. Responsibility for those decisions is assumed by the participant, not the plan sponsor and not Principal®. Individual results will vary. Participants should regularly review their savings progress and post-retirement needs.

My contributions

- I am already enrolled, but I want to change my contribution to ____% (0% to 100%) or \$_____ of my current and future pay per pay period as pre-tax contributions, and/or change my contribution to ____% (0% to 100%) or \$_____ of my current and future pay per pay period as Roth after-tax elective deferral contributions. I also would like to change my contribution to ____% (0% to 100%) or \$_____ of my current and future bonus pay as pre-tax contributions, and/or change my contribution to ____% (0% to 100%) or \$_____ of my current and future pay per pay period as Roth after-tax elective deferral bonus pay.
- I choose **not to contribute** to the retirement plan at this time.

^ Elective deferral contributions are limited to the lesser of the plan or IRS Limit for the current calendar year. See plan summary or your employer for limits.

2 My investment choices

Please elect **One of the three choices** by checking the box(es) and completing the applicable information for your choice

(If you are already enrolled and want to make changes to how future contributions are directed, visit principal.com or call 1-800-547-7754.)

Choice A: Quick Option — Principal LifeTime Funds

- I elect a **Quick Option — Principal LifeTime Funds**

I understand contributions will be directed to the plan’s Qualified Default Investment Alternative; one of the Principal LifeTime Funds based on the plan’s normal retirement date.¹ I have read the plan’s QDIA notice and enclosed investment information related to this investment. **I do not want to make another investment election at this time, and this will be treated as my investment option direction.**

Still need help? Log into your account at Principal.com for more investment options available to you through your employers retirement plan.

(Please refer to the Investment Option Summary for more information.)

> If you’ve completed this section, move ahead to **My signature!** **3**

¹ Principal LifeTime Funds are available as another way to use an asset allocation strategy that may be right for you. There are other investment options available under the retirement plan, and you should review them all. Reviewing all investment options can help you decide whether you wish to design your own mix of investment options. Please note that your contribution will be directed to the plan’s QDIA - Principal LifeTime Funds based on a particular target date or retirement date. If you would rather choose your own mix of investment options, you may do so by completing the Build My Own Portfolio section of this form or visiting principal.com.

Choice B: RetireView® Populated Models

To elect, log in to your account at principal.com. **See the RetireView populated models and applicable investment at principal.com.** RetireView is an investment educational service with 20 different models using a variety of different levels of risk and asset classes. Your employer populates the models with the plan's investment options, suggesting a mix of investments that may be right for you based on your comfort level with risk and years to retirement. We know it may sound complicated, so let us break it down.

RetireView has two features that you'll want to know about to help you stay in tune with your investment strategy.

1. Automatic age adjustment

As you get closer to retirement, the model automatically makes adjustments to the investment mix, typically getting more conservative. That's because you likely won't have as much time to regain any losses. You have the flexibility to opt out of this feature, if you prefer.

2. Rebalancing

Some investment options may perform better over time and grow faster than others, causing your investment mix to differ from what you originally selected. Rebalancing helps keep your mix of investments in line. That schedule automatically defaults to quarterly rebalancing. You can choose to change your rebalancing frequency to annually or semiannually by logging in to your account at principal.com. RetireView® is an online experience, and you can elect your RetireView® Populated Models by logging in to your account at principal.com. To see how comfortable you are with risk take the Investor Profile Quiz at principal.com/investorprofilequiz. Then, based on the results, you can elect to allocate money according to a RetireView model. Or, if you feel that model doesn't fit you, you can choose one from the other 19 RetireView models that you think aligns more closely with you.

Risk/age tolerance models are created by Morningstar Investment Management LLC. Morningstar begins by analyzing asset classes and constructs long-term expected returns, standard deviations, and correlation coefficients. These form the inputs for the mean variance optimization, a statistical technique. Because forecasting is a critical and pivotal step in the asset allocation process, Morningstar develops proprietary capital market forecasts for each asset class using a combination of historical data, current market information and additional analysis. Each forecast becomes an input in portfolio creation.

The risk tolerance models (models) are intended to be used as an additional information source for retirement plan participants making investment allocation decisions. Pursuant to the **Department of Labor Definition of Investment Education 29 C.F.R. §2510.3-21(b)(2)(iv)**, such models (taken alone or in conjunction with this document) do not constitute investment advice for purposes of the Employee Retirement Income Security Act (ERISA), and there is no agreement or understanding between Morningstar and us or any plan or plan fiduciary, or any participant who uses this Service, under which the latter receives information, recommendations or advice concerning investments that are to be used for any investment decisions relating to the plan. Accordingly, neither we nor Morningstar are a fiduciary with respect to your plan sponsor's plan for purposes of this Service, including the features of rebalancing and aging.

Following an asset allocation model does not ensure a profit or protect against a loss. Performance of the individual models may fluctuate and will be influenced by many factors. In applying particular asset allocation models to their individual situations, participants or beneficiaries should consider their other assets, income and investments (e.g., equity in a home, Social Security benefits, IRA investments, savings accounts and interests in other qualified and nonqualified plans) in addition to their interests in the plan.

Know your options:

What to do with your retirement savings¹

It's important to understand the options for the savings you have in your former employer's retirement plan. If you are eligible to take your money out (this is known as a distribution), there are typically four possible options.

There are advantages and drawbacks for each option. You should consider the differences in investment options, fees and expenses, tax implications, services and penalty-free withdrawals.

This summary can help you identify some important considerations.² There may be other factors to consider due to your specific needs and situation. You may wish to consult with your tax or legal advisor.

Retirement Savings Options

- Roll savings into an individual retirement account (IRA)
- Keep savings in your former employer's retirement plan
- Roll savings to your new employer's retirement plan
- Cash out savings and close the account

(May use a combination of these options)

Retirement Savings Options

Roll savings into an IRA

Advantages

- Maintains tax-deferred status of savings
- Continue to make contributions and save for retirement
- Combine other qualified plans or IRA savings into one account
- Offers greater control as it's your account and you make the decisions
- Offers broad range of investment options to fit needs as they change over time
- Protected from bankruptcy
- May have the services of a financial professional to help with investing and retirement planning
- Flexibility when setting up periodic or unscheduled withdrawals
- May help with planning and managing required minimum distributions at age 70½

Drawbacks

- Investment expenses and account fees may be higher than those of employer plans
- No fiduciary required to prudently monitor the cost and quality of the investment options
- IRS penalty-free withdrawals generally not allowed until age 59½
- Loans not allowed. Can only access money by taking a taxable distribution
- Limited protection from creditors
- In-kind transfers of company stock to an IRA will result in appreciated value being taxed as ordinary income at withdrawal from the IRA

It's important to know the types and range of investments and fees of an IRA.

Keep savings in your former employer's plan

Advantages

- Maintains tax-deferred status of savings
- Keeps current investment choices
- Preserves any guaranteed interest rate
- Keeps ownership of company stock in the account where it may have certain tax benefits at withdrawal
- Fees in employer plan may be lower than similar individual accounts
- Plan fiduciary required to prudently monitor the cost and quality of the investments options

Drawbacks

- Changes made to the plan by your former employer will impact you (i.e., plan investments, fees, services, plan providers, plan termination)
- Investment choices limited to those offered through your former employer's retirement plan
- Subjects you to limitations of the plan, including income distribution provisions when you retire
- Account may be assessed fees for plan administration or other reasons

[Continued on next page](#)

Keep savings in your former employer's plan (continued)

Advantages

- IRS penalty-free withdrawals if you're at least 55 years old in the year you left your job
- Protected from creditors and bankruptcy
- Plan may provide access to planning tools, educational resources and phone helpline

Drawbacks

- Access to personalized investment advice or advice that takes into account your other assets or particular needs may not be available through the retirement plan
- No new contributions allowed

Check with your former employer's plan administrator to confirm plan details and requirements.

Roll savings to your new employer's plan – This is an option if you are joining a company that offers a retirement plan.

Advantages

- Maintains tax-deferred status of savings
- Continue to make contributions and save for retirement
- Combine other qualified plans or IRA savings into one account
- Fees in employer plan may be lower than similar individual accounts
- Plan fiduciary required to prudently monitor the cost and quality of the investments options
- IRS penalty-free withdrawals if you're at least 55 years old in the year you leave your new job*
- Protected from creditors and bankruptcy
- Plan may provide access to planning tools, educational resources and phone helpline
- Loan provisions may allow borrowing from the rolled over money
- No required minimum distribution at age 70½ from a current employer's plan is required, unless you are a 5% or more owner of the company

Drawbacks

- Changes made to the plan by your employer will impact you (i.e., plan investments, fees, services, plan providers, plan termination)
- Investment choices limited to those the plan offers
- Subjects you to limitations of the plan, including income distribution provisions when you retire
- Account may be assessed fees for plan administration or other reasons
- Access to personalized investment advice or advice that takes into account your other assets or particular needs may not be available through the retirement plan
- Plan may offer fewer or more expensive investment options than your former employer's plan
- May be more restrictive on withdrawals while employed
- Roll-ins may not be allowed or an eligibility period may need to be satisfied
- In-kind transfers of company stock will result in appreciated value being taxed as ordinary income at withdrawal from the retirement plan

Check with your former employer's plan administrator to confirm plan details and requirements.

Cash out savings and close the account

Advantages

- Immediate access to cash
- May see significant tax advantage for company stock that has substantially appreciated
- If after-tax contributions were made, could take these amounts tax-free (though you will be required to pay tax on the earnings of these contributions)

Drawbacks

- At distribution, 20% withheld on the taxable account balance for pre-payment of federal income taxes
- State taxes and a 10% early distribution penalty may also apply on taxable account balance
- May move you to a higher tax bracket
- Forfeits future tax-deferred growth potential
- Not protected from creditors or bankruptcy

If this money is no longer set aside for retirement, will you have the savings you need when you want to retire or can no longer work?

*In-service withdrawals may be allowed while you are still working for the company sponsoring the retirement plan. Check with the plan administrator for details and requirements.

¹ These considerations were prepared for pre-tax 401(k) accounts. Some – but not all – of these considerations may also apply to other types of plans and/or accounts (e.g., Roth after-tax accounts). You may wish to consult a tax advisor if you participate in a different type of plan or hold a different type of account.

² These descriptions are for general educational purposes and should not be construed as advice or recommendations. This is not tax or legal advice and you may wish to consult with your tax or legal advisors on these issues.

 - Other after-tax contribution amount (excluding any earnings/losses) \$ _____
 - No. Not sure?** That's ok. We'll work with you to get this information from the financial institution currently holding the funds.

3. Confirm rollover

By signing this form, I agree that...

This form is designed to be a quick way to direct the investment of eligible rollover funds. If I do not have an investment election on file or wish to make an alternative allocation, I will select investment options by logging in to principal.com or calling 1-800-547-7754.

If I don't make a different investment election prior to my rollover funds being received by Principal®, my funds will be invested based on my current investment election. If I do not have a current investment election on file my funds will directed to the plan's investment default alternative(s): Principal LifeTime Fund based on your current age and the plan's normal retirement date.

I certify that this rollover contains no funds from a hardship withdrawal, no excess contribution amounts, and no funds subject to a required minimum distribution.

I certify that no part of this rollover is part of an inherited IRA, simple IRA, SIMPLE IRA within 2 years of the first contribution, or Roth IRA.

I certify that, if the funds are coming from a former employer's plan, I have verified that the plan is a plan qualified under Internal Revenue Code 401(a) or (b) or 457 (b).

I understand that Principal will rely on the information I have provided on this form and/or information from the current financial institution regarding the deposit breakdown between pre-tax and after-tax (including any Roth contributions).

You have options other than rolling the retirement account from your former employer's retirement plan to your new employer's plan. Fees, investment options, services and plan features vary between retirement plans.

By rolling over funds to this account, I agree that I have received and reviewed information about the plan's investment options so that I may make an informed investment decision. Information about the plan's investment options is available in the *Investment Option Summary* included in the enrollment booklet and online at principal.com.

You must roll over qualified funds within 60 days of distribution to avoid tax penalties. If it has been more than 60 days, I agree that I am self-certifying this rollover because I am eligible for a waiver of that period per the guidelines provided by the IRS, and will be submitting a copy of my self-certification to Principal.

*You may roll over a distribution from a traditional IRA to a plan qualified under the Internal Revenue Code §401(a) or (b), an annuity, or a Governmental 457(b) plan to the extent that the distribution would be taxable if not rolled over. After-tax contributions in an IRA (including non-deductible contributions to a traditional IRA) may not be rolled over to one of these plans. Amounts rolled into a Governmental 457(b) plan other than another Governmental 457(b) plan are subject to an early withdrawal tax.

You may roll over a Roth account only into a plan that allows Roth contributions. Please check your *Summary Plan Description* or plan document before rolling over Roth accounts to make sure Roth contributions are available.

4. Plan sponsor authorization

The plan sponsor or trustee has authorized Principal Life Insurance Company to accept rollover contributions per a signed agreement.

5. Request the funds and contribution details

You need to request the funds from the current financial institution holding them. - Choice A: Single participant** (includes widowed, divorced or legally separated)
I am not married and designate the individual(s) named on Page 2 of this form to receive death benefits from the plan. I understand if I marry, this designation is void one year after my marriage (some plans specify a shorter period).
- Choice B: Married with spouse as sole beneficiary** (spouse's signature is not required)
I am married and designate my spouse named on Page 2 of this form to receive all death benefits from the plan/contract.
- Choice C: Married with spouse not as sole primary beneficiary** [Spouse's signature REQUIRED — review the Qualified Preretirement Survivor Annuity (QPSA) consent at the end of this form.]

I am married and designate the individual(s) named on Page 2 of this form to receive death benefits in accordance with the plan provisions. **Note:** If you are married and do not name your spouse as the sole primary beneficiary, your spouse must sign the consent below. The signature must be witnessed by a plan representative or notary public. If you are younger than age 35, your spouse must again consent to this in writing at the start of the plan year in which you reach age 35 for this designation to remain effect.

Notice to spouse: In signing, you are also verifying that you have read the QPSA notice and consent on the last page of this form.

By checking this box, I agree only to the beneficiary designation on this form. My spouse cannot change the beneficiary without my consent.

Spouse's Signature (must be witnessed by plan representative or notary public) _____ **Date** _____ / _____ / _____

The spouse appeared before me and signed the consent on: _____ **Plan Representative or Notary Public Signature** _____ **Date** _____ / _____ / _____

(Check if applicable) I certify that my spouse cannot be located to sign this consent. I will notify the plan sponsor if my spouse is located. **Note:** If your spouse cannot be located, check this box and have it witnessed by the plan representative. It must be established to the satisfaction of the plan representative that your spouse cannot be located.

I certify that spousal consent cannot be obtained because spouse cannot be located.

Instructions

Read carefully before completing this form. To be sure death benefits are paid as you wish, follow these guidelines:

Use choice A If you are not married.

Use choice B If you are married and want all death benefits from the plan paid to your spouse. Your spouse does not have to sign the form.

Use choice C If you are married and want death benefits paid to someone other than your spouse, in addition to your spouse, or to a trust or estate. Your spouse must sign the spouse's consent on this form. This signature must be witnessed by a plan representative or notary public.

You may name one or more contingent beneficiaries. If you need more space to name beneficiaries or name a Trust, Testamentary Trust, or minor children (custodian for minors), please attach a separate list that you have signed and dated.

Be sure you sign and date the form. Keep a copy of this form for your records. If you do not date the form, the designation will become effective the day it's received by your plan sponsor or Principal Life Insurance Company depending upon plan provisions.

If your marital status changes, review your beneficiary designation to be sure it meets these requirements. If your name changes, complete the Name Change section of this form.

Examples of naming beneficiaries

Be sure to use given names such as "Mary M. Doe," not "Mrs. John Doe," and include the address and relationship of the beneficiary or beneficiaries to the participant. If you need more space to name beneficiaries or name a Trust, Testamentary Trust, or minor children (custodian for minors), please attach a separate list that you have signed and dated. The following examples may be helpful to you.

	Name	Relationship	Social Security number	Address	Amount/percent
One primary beneficiary	Mary M. Doe	Sister	###-##-####	XXXXXXXXXXXX	100%
Two primary beneficiaries	Jane J. Doe John J. Doe or to the survivor	Mother Father	###-##-#### ###-##-####	XXXXXXXXXXXX XXXXXXXXXXXX	50% 50%

Testamentary trust (Trust established within the participant's will)	John J. Doe/ Trust created by the Last Will and ABC Bank Testament of the participant			XXXXXXXXXXXX	100%
Children & grandchildren (if beneficiary is a minor, use sample wording shown below)	John J. Doe Jane J. Doe William J. Doe If any of my children predecease me, the surviving children of any such child shall receive in the share their parent would have received, if living. If no child of a deceased child survives, the share of that child of mine shall go to the survivor or survivors of my children, equally.	Son Daughter Son	###-##-#### ###-##-#### ###-##-####	XXXXXXXXXXXX XXXXXXXXXXXX XXXXXXXXXXXX	33.4% 33.3% 33.3%
Minor Children (custodian for minor)	John J. Doe, son, and Jane J. Doe, daughter, equally, or to the survivor. However, if any proceeds become payable to a beneficiary who is a minor as defined in the Iowa Uniform Transfers to Minors Act(UTMA), such proceeds shall be paid to Frank Doe as custodian for John Doe under the Iowa UTMA, and Frank Doe as custodian for Jane Doe under the Iowa UTMA.				

Qualified Preretirement Survivor Annuity (QPSA) notice

If your spouse has a vested account in a retirement plan, federal law requires that you receive a special death benefit if your spouse dies before beginning to receive retirement benefits (or, if earlier, before the beginning of the period for which the retirement benefits are paid).

If you have been married to your spouse for at least one year (some plans may specify a shorter time period), you have the right to receive this payment for your life beginning after your spouse dies. The special death benefit is often called a qualified preretirement survivor annuity (QPSA). This death benefit will automatically be paid in a lump sum rather than as a QPSA if the value of the death benefit is \$5,000* or less.

If the lump-sum value of the death benefit is greater than \$5,000, the death benefit will be paid in the form of a QPSA. Other options may be available. The actual amount of the QPSA benefit will vary depending on the vested account balance, your age and the cost to purchase the benefit.

Your right to the QPSA benefit provided by federal law cannot be taken away unless you agree to give up that benefit. If you agree, your spouse can choose to have all or part of the death benefits paid to someone else. The person your spouse chooses to receive the death benefit is usually called the beneficiary. As an example, if you agree, your spouse can have the death benefit paid to his or her children instead of you.

Example: Pat and Robin Doe agree that Robin will not receive the QPSA benefit. Pat and Robin also decide that half of the death benefit that is paid from Pat's vested account will be paid to Robin, and half of the death benefit will be paid to Pat and Robin's child, Chris. The total death benefit is \$200 per month. After Pat dies, the plan will pay \$100 a month to Robin for the rest of Robin's life. Chris will also receive payments from the plan as long as he lives. Chris will receive less than \$100 a month because Chris, being younger than Robin, is expected to receive payments over a longer period.

Your choice to give up the QPSA benefit must be voluntary. It is your personal decision if you want to give up the right. If you sign this agreement, your spouse can choose the beneficiary who will receive the death benefit without telling you and without getting your agreement. Your spouse can change the beneficiary at any time before he or she begins receiving benefits or dies. You have the right to agree to allow your spouse to select only a particular beneficiary. If you want to allow your spouse to select only a particular beneficiary, check the box in Choice C under My

Beneficiary Choices section, which will limit the beneficiary choice to the one designated on this form. You can agree to give up all or part of the QPSA benefit. If you do so, the plan will pay you the part of the benefit you did not give up, and pay the remaining part of the benefit to the person or persons selected by your spouse.

You can change your mind with respect to giving up your right to the QPSA benefit until the date your spouse dies. After that date, you cannot change this agreement. If you change your mind, you must notify the plan administrator in writing that you want to revoke the consent you give on this form.

You may lose your right to the QPSA benefit if your spouse and you become legally separated or divorced even if you do not sign this agreement. However, if you become legally separated or divorced, you might be able to get a special court order called a qualified domestic relations order (QDRO) that specifically protects your rights to receive the QPSA benefit or that gives you other benefits under this plan. If you are thinking about separating or getting a divorce, you should get legal advice on your rights to benefits from the plan.

QPSA spousal consent and agreement

I understand that I have a right to a QPSA benefit from my spouse's retirement account (see prior section for explanation of QPSA benefit) if my spouse dies prior to receiving retirement benefits — or if earlier, before the beginning of the period for which the retirement benefits are paid. I also understand that if the value of the QPSA benefit is \$5,000* or less, the plan will pay the benefit to me in one lump-sum payment.

I agree to give up my right to the QPSA death benefit and to allow my spouse to choose another beneficiary to receive some or all of that benefit. I understand that by signing this agreement, my spouse can choose any beneficiary without telling me and without my consent agreement unless I limit my spouse's choice to the particular beneficiary by checking the appropriate box in the My Beneficiary Choices section of this form. If I do not check this box, I understand that my spouse can change the beneficiary at any time before retirement benefits begin without telling me and without getting my approval.

I understand I do not have to sign this agreement. I am signing this agreement voluntarily. If I do not sign this agreement, I will receive the QPSA benefit if my spouse dies before beginning to receive retirement benefits – or, if earlier, before the beginning of the period for which the retirement benefits are paid. I understand that if the value of the QPSA benefit is \$5,000* or less, the plan will pay the benefit to me in one lump-sum payment.

ERISA 404 retirement plan and investment information

06/13/2018

This document uses these defined words and phrases:

Plan means **TALMUDICAL ACADEMY OF BALITMORE, INC. 403(B) PLAN.**

Plan Fiduciary means the individual(s) holding authority over the operation and administration of the Plan and retirement funds. The Plan Sponsor is typically the Plan Fiduciary. Contact the Plan Administrator for further details.

Plan Sponsor means **TALMUDICAL ACADEMY OF BALTIMORE INC 403B PLAN.**

You means the Plan participant or beneficiary.

Plan Administrator is a Plan Fiduciary that has authority over operation and administration of the Plan. You should contact the Plan Administrator if you have any questions about the investment options under the Plan or if you would like paper copies of additional investment information that is available online at principal.com.

The Plan Administrator is:

TALMUDICAL ACADEMY OF BALTIMORE INC 403B PLAN
4445 OLD COURT RD
BALTIMORE, MD 21208-2736
410-484-6600

How does this affect you?

The Plan Fiduciary makes certain investment options available under the Plan. You decide which of those options works best for you according to your age and circumstances. This means that you are responsible for directing the investment in the account the Plan holds for your benefit (your account).

Directing or Transferring Between Investment Options

You can direct or transfer retirement funds between the different investment options at least quarterly. The Plan may allow for more frequent transfers. To transfer retirement funds, you can call the automated phone system of the Principal Financial Group® at 1-800-547-7754 or log in to your account at principal.com.

A description of the exercise of voting, tender and similar rights for an investment alternative and any restrictions on these rights is located in the relevant plan document or trustee powers section of the trust agreement. Contact the Plan Administrator to obtain the plan document or the trust agreement, if applicable.

Fees and Expenses⁺

An annual Plan administrative expense of 0.18% applies to each participant's account balance. One twelfth of this annual amount will be charged on a monthly basis. The dollar amount of the expense can be found by logging in to the secure website at principal.com and on participant statements. Plan administrative expenses typically include items such as recordkeeping, participant website access, participant statements, Plan compliance services and financial professional services.

From time to time, Plan expenses may be incurred in the course of normal Plan operation for Plan services such as legal, auditing, third-party administration, consulting, investment advice to the Plan, etc. If allowed by the Plan document, the Plan Fiduciary may direct that these expenses be paid by the Plan. The Plan Fiduciary determines how these expenses are allocated among participants at the time the expenses are paid. These expenses are typically allocated based on participant account balance but may be allocated by dividing the total expense to be deducted by the total number of participants in the Plan. If such expenses are charged to participant accounts, the dollar amount of such expenses will be disclosed on the secure principal.com website and on participant statements (if applicable) for the quarter in which they are paid.

The following participant-level services have additional fees. These participant transaction fees will be charged to your account balance for the services you elect to use. Participant transaction fees for the Plan include:

- **Distribution fee:** \$40.00
- **Distribution In-kind fee:** \$40.00
- **Distribution Installment fee for new installment elections:** \$10.00 per quarter
- **Loan Maintenance fee for new loans:** \$12.00 per quarter
- **Loan Setup fee:** \$50.00
- **Qualified Domestic Relations Order processing fee:** \$350.00 for each Domestic Relations Order processed. The fee is divided equally between the participant and the alternate payee involved unless specified differently within the Domestic Relations Order or the Plan's Administrative Procedures.

⁺ If you have a balance in an investment that is excluded from the collection of expenses, we will collect the expense from the balances in other investments, beginning with the investment with the largest balance.

The Plan Administrator can provide the following additional information in paper form, without charge and upon request:

- Copies of prospectuses (or any short-form or summary prospectuses) for the investment options
- Copies of any financial statements or reports, such as statements of additional information and shareholder reports, and of any other similar materials relating to the Plan's designated investment options
- A statement of the value of a share or unit of each designated investment option and the date of the valuation
- A list of the assets comprising the portfolio of each investment option which constitute Plan assets and the value of each asset (or the proportion of the investment which it comprises)
- The following information about each investment option (including fixed-return investment options) available under the Plan: issuer name, investment objective, principal strategies and risks, turnover rate, performance, and fee and expense information
- To the extent a group annuity contract under the Plan permits you to select an annuity guaranteed by an insurance company, a statement that the guarantee provided by the insurance company is subject to its long-term financial strength and claims-paying ability

.....
To help you make informed investment choices and for more information about the investment options available to you, including investment objectives, performance and fees, please review the enclosed materials or visit principal.com.

How your quarterly statements will be delivered

This notice is to inform you that statements are provided through The Principal Retirement Service Center® at www.principal.com. The benefit statement includes any fees deducted on your retirement account and is being delivered electronically based on your continuous access to the website. You have the right to request and receive, free of charge, a paper statement. If you wish to receive a paper benefit statement, please call 1-800-547-7754, 7 am – 9 pm (Monday – Friday) Central Time.

Investment Option Summary

As of 03/31/2018

This document provides important information to help you compare the investment options available to you under the retirement plan.

Investment results shown represent historical performance and do not guarantee future results. Investment returns and principal values fluctuate with changes in interest rates and other market conditions so the value, when redeemed, may be worth more or less than original costs. Current performance may be lower or higher than the performance data shown. For additional information on the investment options, including most recent month-end performance, log in to the Principal Financial Group® website at principal.com or call our automated phone system at 1-800-547-7754.

Additional information available online includes, if applicable, the name of the investment option's issuer; the investment option's objectives or goals; the investment option's principal strategies, including a general description of the types of assets held by the investment option; the portfolio turnover rate; and the investment option's performance data and fee and expense information.

In situations where the net and gross total investment expense figures are different, the mutual fund or the underlying fund in which a Separate Account invests has waived/capped a portion of its management fees through the date displayed in the waiver expiration date or contractual cap expiration date column. Differences may also be shown due to the fund family choosing to pay certain expenses that would normally be payable by the fund. Returns displayed are based on total investment expense net.

Fees and expenses are only one of several factors that participants and beneficiaries should consider when making investment decisions. Some or all of the Plan administrative expenses are paid from the total investment expense of one or more of the Plan's investment options. The cumulative effect of fees and expenses can substantially reduce the growth of a participant's or beneficiary's retirement account. Participants and beneficiaries can visit the Employee Benefit Security Administration's website for an example demonstrating the long-term effect of fees and expenses.

For a glossary of terms to assist you in understanding the designated investment options, log in to your account at principal.com.

Asset Class: Fixed Income

This asset class is generally composed of investment options that invest in bonds, or debt of a company or government entity (including U.S. and Non- U.S.). It may also include real estate investment options that directly own property. These investment options typically carry more risk than short-term fixed income investment options (including, for real estate investment options, liquidity risk), but less overall risk than equities. All investment options in this category have the potential to lose value.

Description: The investment seeks a total return consisting of long-term growth of capital and current income. The fund operates as a "target date fund" that invests according to an asset allocation strategy designed for investors having a retirement investment goal close to the year in 2065. It is a fund of funds and invests in underlying funds of Principal Funds, Inc. Its underlying funds consist of domestic and foreign equity funds, fixed-income funds, real asset funds, and other funds that aim to offer diversification beyond traditional equity and fixed-income securities. The asset class diversification of the fund is designed to moderate overall price volatility.

Asset Class: **Large U.S. Equity**

This asset class is generally composed of investment options that invest in stocks, or shares of ownership in large, well-established, U.S. companies. These investment options typically carry more risk than fixed income investment options but have the potential for higher returns over longer time periods. They may be an appropriate choice for long-term investors who are seeking the potential for growth. All investment options in this category have the potential to lose value.

Description: The investment seeks long-term capital growth. Under normal market conditions, the fund invests at least 80% of its net assets in foreign securities. These securities are predominantly equity securities of companies located outside the U.S., including developing markets. The equity securities in which the fund invests are predominantly common stock, and may include smaller and midsize companies. Although the investment manager will search for investments across a large number of regions, countries and sectors, from time to time, based on economic conditions, it may have significant positions in particular regions, countries or sectors.

Asset Class: International Equity

This asset class is composed of investment options that invest in stocks, or shares of ownership in companies with their principal place of business or office outside the United States. These investment options often carry more risk than U.S. equity investment options but may have the potential for higher returns. They may be an appropriate choice for long-term investors who are seeking the potential for growth. All investment options in this category have the potential to lose value.

Description: The investment seeks long-term growth of capital through investments primarily in the common stocks of established, non-U.S. companies. The managers expect to primarily invest in stocks outside the U.S. and to diversify broadly among developed and emerging countries throughout the world. It normally invests in at least five countries and may purchase the stocks of companies of any size, but its focus will typically be on large companies. Normally, at least 80% of the fund's net assets (including any borrowings for investment purposes) will be invested in stocks.

Asset Class: Short-Term Fixed Income

This asset class is generally composed of short-term, fixed-income investment options that are largely liquid and are designed to not lose much value. These investment options may include stable value, money market, short-term bond, and guaranteed interest accounts. They are considered to be among the least risky forms of investment options. However, they typically have a lower rate of return than equities or longer-term fixed income investment options over long periods of time. Depending on the objectives of the investment options, they may experience price fluctuations and may lose value.

Investment Option Name: **Fixed Income Guaranteed Option** ^{9,15}

Description: This group annuity contract provides an interest rate guaranteed for a set period of time by the Principal Life Insurance Company. It is supported by the multi-billion dollar general account of Principal Life, which invests in private market bonds, commercial mortgages and mortgage-backed securities. However, money you allocate to this investment does not entitle you to participate in the investment experience or performance of the General Account. The rate credited to participant accounts is a composite weighted average of underlying guarantees provided in the contract. Each underlying guarantee is in effect for its full maturity. The maturity of each guarantee varies from 2 to 10 years at the establishment of the guarantee. Each guarantee matures at a different time. The term shown in the Term column represents the average maturity of the underlying guarantees. The composite rate (crediting rate) is reset every 6 months based on the changing weighted average of the underlying guarantees and applies prospectively (moving forward). The crediting rate is an effective annual rate and is displayed here as the rate guaranteed by Principal Life net of the Rate Level Service Fee. The crediting rate is subject to a minimum guaranteed rate that is determined through a formula determined according to state insurance regulations which utilizes Treasury rates and is outlined in the group annuity contract. The minimum will range between 1% and 3% depending on prevailing market conditions. The contract provides for benefit payments at book value (i.e., no market value adjustments or surrender charge adjustments) for withdrawals due to retirement, termination of employment, disability, loans, plan termination, or death, including participant-directed transfers. If the retirement program provides you access to the Fixed Income Guaranteed Option and Competing Plan Investment Options, participant transfers, either directly or indirectly, to Competing Plan Investment Options will generally be subject to an Equity Wash. An Equity Wash requires that transfers must be directed to a non-competing investment option under the plan for 90 days before such transferred amounts may be directed to any other Competing Plan Investment Option. Competing Plan Investment Options include other guaranteed investment options or fixed income, money market or bond funds that ever had an average duration of three years or less. A plan fiduciary-directed surrender or transfer will be subject to 12 months' advance notice or a 5% surrender charge (subject to additional contractual limitations), whichever the plan sponsor chooses. For more information, call the automated phone system at 1-800-547-7754 or see the applicable fact sheet on principal.com for a more complete description of this investment option and the crediting rate.

Investors should carefully consider a mutual fund's investment objectives, risks, charges, and expenses prior to investing. A prospectus, or summary prospectus if available, containing this and other information can be obtained by contacting a financial professional, visiting principal.com, or calling 1-800-547-7754. Read the prospectus carefully before investing.

The value of the investment options will fluctuate so that when redeemed, shares or units may be worth more or less than the original cost.

An investment's past performance is not necessarily an indication of how the investment will perform in the future.

Since inception benchmark returns are displayed on the Investment Option Summary for investments that are less than 10 years old. The benchmark reflecting the Since Inception return is the Morningstar Category index. For some Sub-Advised investment options, two benchmarks will be displayed on the Investment Option Summary and the secondary index reflecting the Since Inception Return is the Morningstar Category index.

^B Principal Funds mutual funds are part of the Principal Funds, Inc. series. Principal Funds, Inc. is distributed by Principal Funds Distributor, Inc. Certain investment options may not be available in all states or U.S. commonwealths.

Returns shown for periods of less than one year are not annualized. All returns displayed here are after net Total Investment Expense of the investment option.

For a Mutual Fund investment option, Total Investment Expense gross equals the sum of (a) the total fund operating expenses plus (b) if the mutual fund invests in other mutual funds, the weighted-average management fee of those other mutual funds, as listed in the most recent prospectus. The actual Total Investment Expense may change if the mutual fund investment option's allocation of assets to other mutual funds changes.

Insurance products and plan administrative services are provided by Principal Life Insurance Company. Principal mutual funds are part of the Principal Funds, Inc. series. Principal Funds, Inc. is distributed by Principal Funds Distributor, Inc. Securities are offered through Principal Securities, Inc., 1-800-547-7754, member SIPC and/or independent broker/dealers. Securities sold by a Principal Securities, Inc. Registered Representative are offered through Principal Securities, Inc. Principal Funds Distributor, Principal Securities, Inc. and Principal Life are members of the Principal Financial Group (The Principal), Des Moines, IA 50392.

As allowed by their prospectuses several mutual fund companies have decided to impose redemption fees and/or transfer restrictions on certain plan and/or participant transactions. One or more of the investment options in your employer's retirement plan may be impacted. For more information, visit The Principal Web site at principal.com.

Any operating expenses of a mutual fund or underlying mutual fund that are part of net Total Investment Expense are obtained from the mutual fund's most recent prospectus. The operating expenses shown as part of net Total Investment Expense include voluntary expense limits and fee credit.

This report includes investment options that contain information from a variety of sources. Morningstar generally provides holdings information, operations data, and rankings or statistics proprietary to Morningstar. Morningstar is also the source of information on certain mutual funds.

These results are for the investment options available through your Plan Sponsor's retirement plan, and may be different from the results for other retirement plans. Past performance is not a guarantee of future results. Principal values and investment returns will fluctuate so that values upon redemption may be worth more or less than original costs. Total returns illustrated are net of investment expenses and management fees.

Since inception returns are only shown for funds/accounts in existence for less than 10 years.

- ¹ Small-cap and mid-cap investment options are subject to more fluctuation in value and may have additional risks than other investment options with stocks of larger, more stable companies.
- ² Each index based investment option is invested in the stocks or bonds of the index it tracks. Performance of indexes reflects the unmanaged results for the market segment the selected stocks or bonds represent. There is no assurance an index based investment option will match the performance of the index tracked.
- ³ International and global investment options are subject to additional risk due to fluctuating exchange rates, foreign accounting and financial policies, and other economic and political environments.
- ⁴ High yield investment options are subject to greater credit risk and volatility that is associated with high yield bonds.
- ⁵ Real Estate investment options are subject to investment and liquidity risk and other risks inherent in real estate such as those associated with general and local economic conditions. Property values can decline due to environmental and other reasons. In addition, fluctuation in interest rates can negatively impact the performance of real estate investment options.

- ⁹ Principal Fixed Income Guaranteed Option is the Group Annuity Contract - Custodial Guaranteed Interest Contract available through Principal Life Insurance Company, a member of the Principal Financial Group, Des Moines Iowa 50392. May not be available in all states.
- ¹⁰ Equity investment options involve greater risk, including heightened volatility, than fixed-income investment options. Fixed-income investment options are subject to interest rate risk, and their value will decline as interest rates rise.
- ¹¹ Asset allocation does not guarantee a profit or protect against a loss. Investing in real estate, small-cap, international, and high-yield investment options involves additional risks.
- ¹² Small-cap and mid-cap stocks may have additional risks, including greater price volatility.
- ¹³ Fixed-income investment options are subject to interest rate risk, and their value will decline as interest rates rise. Neither the principal of bond investment options nor their yields are guaranteed by the U.S. government.
- ¹⁵ The Fixed Income Guaranteed Option is a guarantee backed by the general account of Principal Life Insurance Company(Principal Life). As a guarantee, it does not have an investment management fee or expense ratio; those are concepts unique to investment products. The Rate Level Service Fee illustrated here represents the part of the overall fee arrangement that the plan pays for services from Principal Life as a provider of administrative services to the plan, as agreed to in the Service and Expense Agreement for the plan.
- ²⁰ Fixed-income and asset allocation investment options that invest in mortgage securities are subject to increased risk due to real estate exposure.
- ²¹ The manager of the Fund, Principal Global Investors, invests between 10% and 40% of the Fund's assets in common stocks in an attempt to match or exceed the performance of the Fund's benchmark index for performance.
- ²² Asset allocation and diversification do not ensure a profit or protect against a loss. Additionally there is no guarantee this investment option will provide adequate income at or through retirement.
- ²³ The Investment Advisor will display "Multiple Sub-Advisors" for certain target-date, target-risk and specialty investment options where the assets are directed by the Investment Manager to multiple underlying investment options. These underlying investment options may use multiple sub-advisors who are responsible for the day-to-day management responsibilities.
- ²⁴ For Mutual Fund Network investment options, returns for all time periods, except the Since Inception time frame, may include the historical performance of the oldest share class of the fund, adjusted to reflect a portion of the fees and expenses of this share class. Since Inception returns display the actual return of this share class and do not reflect the adjusted returns of the oldest share class. Please see the fund's prospectus for more information on specific expenses, and the fund's most recent shareholder report for actual date of first sale. Expenses are deducted from income earned by the fund. As a result, dividends and investment results will differ for each share class.
- ²⁵ The risks associated with derivative investments include that the underlying security, interest rate, market index, or other financial asset will not move in the direction the Investment Adviser and/or Sub-Advisor anticipated, the possibility that there may be no liquid secondary market, the risk that adverse price movements in an instrument can result in a loss substantially greater than a fund's initial investment, the possibility that the counterparty may fail to perform its obligations; and the inability to close out certain hedged positions to avoid adverse tax consequences.
- ²⁶ International and global investing involves greater risks such as currency fluctuations, political/social instability and differing accounting standards.
- ²⁷ This Principal LifeTime Fund indirectly bears its pro rata share of the management fees incurred by the underlying Principal Funds in which this fund invests. Based on the asset allocation of the Principal LifeTime Funds outlined in the prospectus dated March 1, 2018, the weighted average operating expenses of the underlying funds are: Principal LifeTime Strategic Income, 0.62%; Principal LifeTime 2010, 0.65%; Principal LifeTime 2015, 0.66%; Principal LifeTime 2020, 0.69%; Principal LifeTime 2025, 0.70%; Principal LifeTime 2030, 0.71%; Principal LifeTime 2035, 0.66%; Principal LifeTime 2040, 0.68%; Principal LifeTime 2045, 0.69%; Principal LifeTime 2050, 0.70%; Principal LifeTime 2055, 0.71%; Principal LifeTime 2060, 0.71%; Principal LifeTime 2065, 0.72%. While the operating expenses of the underlying mutual funds are not part of the Principal LifeTime Fund's operating expenses they are included in the Total Investment Expense. Performance results shown for the Principal LifeTime Fund reflect the application of these expenses.
- ^E Investment option limits the number of transfers allowed into the investment option. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. When the number of allowed transfers into the investment option is met, no additional investment transfers into the investment option will be allowed until the holding period elapses. Contributions into the investment option are not impacted.
- ^F Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options or to money market or Guaranteed options.
- ^G Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer amounts valued at the threshold amount or more back into the investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity valued at the threshold amount or more are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participant transfers made for less than the threshold amount do not count and are not limited.
- ^L Redemption fees are applied on investment transfers, including non-scheduled rebalances into and out of the investment option that occur within the holding period (duration) specified. Only transfer activity is used in the calculation of the fee.

- Principal Life works with each fund family to implement each funds' policy and establish frequent trading guidelines that best mirror Prospectus language. Mutual Fund Network investment managers have the ability to monitor for excessive trading and may enforce frequent purchase limitations in addition to or in lieu of policy monitored by Principal Life Insurance Company. Please refer to the Prospectus for verification.
